The Saguenay–St. Lawrence Marine Park covers an area of 1,245 km². The park protects a marine area endowed with an exceptional diversity of wildlife and plant life.

Renowned for its scenic landscapes, the park is also one of the world’s best places for whale watching. To believe it, you’ve got to live it, at sea and on land!
THE “MUST-DOS”

WHALE-WATCHING BY BOAT

What fun it is to hear a whale blow or catch a glimpse of this incredible animal at the water’s surface! From aboard a boat, take in the fascinating spectacle of marine animals. Get ready for a seaside experience in the kingdom of whales, seals and seabirds. Select the type of excursion best suited to you. See pages 3 to 5.

WHALE-WATCHING FROM SHORE

While out walking, biking or driving along the marine park shorelines, keep your eyes peeled and your ears open! You might well glimpse or hear belugas, minke or fin whales as well as harbour porpoises all hugging the coast. Some surprises in store for you in a range of locations, starting from Baie-Sainte-Catherine and extending to Les Escoumins, with the Sacré-Coeur sector in between. See the Discovery Network section (pages 8 to 13).

DISCOVERY ACTIVITIES

To satisfy your thirst for knowledge, take part in any one of several activities on offer: Enthusiastic guide-interpreters and fascinating exhibits will give you some valuable insights into the many facets of the marine park. These helpful resources will tell you the full story of marine life, ranging from starfish to sharks, along with the history of local lighthouses and Indigenous populations. See the Discovery Network (pages 8 to 14).

KAYAKING

Whether you go out paddling with a professional guide or on your own, sea-kayaking is a great way to appreciate the marine park’s beauty and sprawling spaces. When prepared with care, a kayaking outing offers you the pleasures of the great outdoors in complete safety. For an excursion lasting several days, take advantage of the campsites located along the edges of the park. See pages 3 and 6.

SPECTACULAR VISTAS

On foot or by car or bicycle, discover the numerous viewpoints out over the Saguenay Fjord and the St. Lawrence Estuary. Once you begin to admire the sights along the shoreline, listen to the crash of waves on the beach and breathe in the salt air; it won’t be long before you’ve left the daily grind behind you. Located in the immediate vicinity of the marine park, the Discovery Network guarantees you a real change of scenery (pages 8 to 14).

PURPOSE OF THE MARINE PARK

Recognizing the importance of protecting the environment, wildlife, plant life, and natural resources of a part of the Saguenay Fjord and St. Lawrence River estuary, the governments of Quebec and Canada created, together with public support, the Saguenay–St. Lawrence Marine Park.

The Marine Park’s mission is to increase ecosystem protection levels for conservation purposes, for the benefit of present and future generations, while encouraging its use for educational, recreational and scientific purposes.

Activities in the Marine Park are regulated with a view to ensuring the sustainable use of this area and its resources. Regional stakeholders contribute to achieving the marine park’s objectives.

YOUR SAFETY: YOUR RESPONSIBILITY

Outdoor activities can involve certain risks. Make sure that you have the skills and abilities required for the activity you choose. It is important to know the risks inherent to this activity, to respect your limits and to use appropriate equipment.
Whether you are looking for adventure or a quiet tour on the water, you will be delighted. Take the full measure of wide open spaces. Each sea outing is unique!

**EXPERIENCE THE SEA!**

**WHAT IS THE BEST TIME TO SEE THE WHALES?**
From early May to the end of October. The chances seeing whales in the marine park are good during this period at any time of the day.

**A GUIDED AND SUPERVISED EXCURSION**
The companies in this guide hold a marine excursion permit in the Saguenay–St. Lawrence Marine Park. Marine tour captains and guides have sound knowledge of the marine environment. They can put that knowledge at your service and answer your questions.

**WHAT BOAT TO CHOOSE?**
Contact the companies shown in this guide. Their personnel will help you decide what product will best suit your needs. Whatever type of boat you choose, the rules governing approach are the same. Your captain will stay within regulated speeds and respect the approach distances to be maintained in the vicinity of whales. If whales unexpectedly emerge near the boat, your captain will know what to do.
When sea-kayaking, your guide will make sure you keep to the proper distances and navigate in complete safety.

**WHAT YOU NEED**
Even during summer, it is colder on water than on land. Warm, comfortable clothing is highly recommended.
For outings on a boat, we suggest:
- Long pants and closed shoes
- Hat, gloves and scarf
- Windbreaker or raincoat
- Sunscreen and sunglasses
- Camera
- Binoculars

**Marine Activities in the Saguenay–St. Lawrence Marine Park Regulations**
Developed in partnership with the marine tour companies, the regulations provide a framework for the activities practiced in the Marine Park. The regulations indicate the maximum navigation speed permitted throughout the park, as well as the distances and speeds to be respected when marine mammals are present (see table). All watercraft in the Marine Park must comply with these regulations.

Boat captains and sea-kayaking guides of organizations with marine tour permits must pass the Parks Canada regulations course.

**DISTANCE**
1/2 nautical mile = 926 meters

<table>
<thead>
<tr>
<th>Speed</th>
<th>3 knots</th>
<th>10 knots</th>
<th>25 knots</th>
</tr>
</thead>
<tbody>
<tr>
<td>5.56 km/h</td>
<td>3.45 mph</td>
<td>18.52 km/h</td>
<td>11.50 mph</td>
</tr>
<tr>
<td>4.63 km/h</td>
<td>2.87 mph</td>
<td>24.66 km/h</td>
<td>14.84 mph</td>
</tr>
</tbody>
</table>

In the event of any disparity, the text of the Regulations shall take precedence over the information presented in this guide.

* Under certain conditions, marine tour permit-holders (i.e., whale watching vessels) are allowed to come as close as 100 m of whales other than belugas and blue whales.

**Did you know...?**
To learn more about whales, visit whalesonline.org

That four large migrating whales can be seen in the Marine Park in the summer: they are the minke whale, the fin whale, the humpback whale and the blue whale.
The beluga whale and harbour seal are the only marine mammals that spend the entire year in the St. Lawrence Estuary. Can you tell which is which?
## ECO-WHALE ALLIANCE

The Eco-Whale Alliance is formed by seven whale-watching tour companies, the Group for Research and Education on Marine Mammals (GREMM), Parks Canada and Parcs Québec. Its members are committed to responsible whale-watching practices in the Saguenay–St. Lawrence Marine Park.

The companies belonging to the Alliance contribute to the Eco-Whale Fund, which finances research and education projects on the whales of the St. Lawrence.

You can obtain the Catalogue des grands rorquals dans le parc marin du Saguenay–Saint-Laurent (Catalogue of large whales in the Saguenay–St. Lawrence Marine Park – available in French only) at most shops of members of the Eco-Whale Alliance. 100% of profits will go the Eco-Whale Fund!

Choose a Proud member of the Eco-Whale Alliance for your next excursion!

Personalized whale watching cruises aboard inflatable boats. Our experienced guides will share their knowledge of the marine environment. Simply Unforgettable, respect and protect whales. Kuei! Welcome!

Leave from Les Bergeronnes

### Parc national du Fjord-du-Saguenay
**1 800 665-6527**
parcsquebec.com

On departing from one of the most beautiful bays in the fjord, take a place on the inflatable and start the adventure with our experienced naturalist guides. Experience an incursion into a protected ecosystem with a biodiversity that is unique in the world.

Leave from the Baie-Éternité quay
ARE YOU PLANNING A SEAGOING ACTIVITY WITHOUT A CERTIFIED GUIDE?

Before you set out, find out about the directives you need to follow and the equipment you need to bring to make sure your outing is safe and enjoyable.

Consult the www.canot-kayak.qc.ca website.

Indeed, weather conditions change rapidly and strong marine currents could make your outing hazardous. For your safety, stay close to the shoreline so as to always keep it in sight, particularly under fog conditions. On account of marine traffic, avoid making “shore-to-shore” crossings.
EXPERIENCE ON A SAILING VESSEL

DAMACHA – ÉCOLE DE VOILE CROISIÈRE

1 866 278-5355
418 434-2435
damacha.qc.ca

Damacha trains sailboat sailors of any level. From Tadoussac, cruise the fjord, the estuary and the gulf. Life on board a sailboat in the splendour of nature as it was in the days of the discoverers of this world.

Leave from Tadoussac

VOILE MERCATOR

1 888 674-9309
voilemercator.com

Navigate by sail on the St. Lawrence and the Saguenay Fjord. 3 to 7 hour initiation excursions and 2 to 5 day sailing courses. Accredited by Sail Canada and Aventure Écotourisme Québec.

Leave from La Baie, Rivière-Éternité, L’Anse-Saint-Jean, Tadoussac

Show you care, keep your distance

KAYAKERS AND RECREATIONAL BOATERS: TAKE PART IN THE PROTECTION EFFORT!

Belugas and Blue whales are endangered: the current number of animals is insufficient to ensure the survival of their population. Each animal is important and must be able to feed and rest without being disturbed. You have the privilege of seeing them in their habitat and of appreciating their natural behaviour. Respect a distance of at least 400 metres.

Beluga whales give birth to their young in the summer, especially in July and August. This is a critical period for the survival of the young and their mothers. The females need tranquility to raise their young, to feed them and to rest. Even if the temptation is strong, do not approach them whether you’re kayaking, on a sailboat or aboard a motorboat.

Thank you for your cooperation.

A regulation (page 3) is in force throughout the marine park, and park wardens provide surveillance. Even outside the marine park, it is forbidden to disturb marine mammals.

FREE!

Get your copy of the Saguenay–St. Lawrence Marine Park Boater’s Guide. Ask for it in one of the marinas or on marinepark.qc.ca

• Printed on rugged, waterproof paper
• Features a map of the marine park
• Contains a host of practical information

UNDERWATER DIVING AND SNORKELING

Dive into the heart of magnificently coloured gardens and discover animal life below the surface. The cold salt waters of the St. Lawrence estuary are home to varied, impressive marine life.

Lying on the shores of the majestic Saguéenay fjord, experience the wonder of this picturesque village thanks to the many outdoor activities and services available year round.
In the crevices of the cliffs of the fjord, choose among a variety of outdoor activities on land, at sea and in the air! Try the Via ferrata des Géants, an amazing course!

Winner of 9 excellence awards, the Fjord Museum invites you to discover the Saguenay Fjord and the history of its people through a unique multimedia experience and exciting exhibitions.

Discover our wild birds in rehabilitation on the avaires’ trail, observe several species of aquatic birds in the marshland and enjoy the exceptional scenery.
ON LAND

13  

Where are the whales? Where are they? What are the researchers doing? A visit is a must! Exhibition, film, specialists. Take part in the famous whale song courses.

14  

One of the most beautiful villages of Quebec, Tadoussac lets you re-live the early days of the colony through an interactive and entertaining exhibit on contacts between Europeans and the Innu.

15  

Observe the meeting of two giants at the crossroads of Pointe-de-l’Ilet. For nature adventurers, go to the start of the Fjord trail!

16  

Browse the exhibition on the human occupation of the Côte-Nord (North Shore) from the first Amerindians to the present day. Discover the life of the former Amerindian communities. Pottery, pearl, dream catcher and stone cutting shops.

17  

Watch whales, seals and seabirds in close to shore. Our guides are eager to answer your questions and to offer you activities. Be sure to bring along warm clothing, binoculars and a picnic.

18  

Explore one of North America’s most beautiful underwater landscapes! Activities for the whole family. See whales and visit the exhibit. Follow divers live on widescreen images (reservations recommended).
île aux Basques is a gem of our natural and historic heritage. While on the island, watch birds and seals, hike the trails, and discover the centuries-old ovens once operated by Basque fishermen.

Follow the trails on the south shore of the estuary and observe the largest grassy salt marsh on the St. Lawrence.

Discover the first lighthouse on the St. Lawrence and its museum. Fall asleep to the sound of the waves in the lightkeepers’ houses.

Discover the St. Lawrence marine resources in their natural surroundings. Touch, observe and allow yourself to be guided to the heart of an amazing array of flora and fauna.

Ecotourism experience, with a visit to bird sanctuaries, romantic nights on an island, guided cruises, hiking in a natural environment and exploration of historical sites.
FAMILY-BASED PLEASURE!

EMBARK UPON A MODERN-DAY TREASURE HUNT: GEOCACHING!

Equipped with a GPS, set off in search of Parks Canada’s geocaches. Do a search for “The White Whale,” “La Fidèle,” “Magtogoek” or “A Fragile Ecosystem” on geocaching.com.

EXPLOS-NATURE : ÉDUCATION-RECHERCHE

302, rue de la Rivière, Les Bergeronnes
Tel.: 418 232-6249
explosnature.ca

Children discover the natural sciences through the five senses! Nature classes for educational institutions, family camps and science day camps. This not-for-profit organization is dedicated to education and research about nature.

THE MARINE PARK IN YOUR SCHOOL

Parks Canada offers two online educational activities in relation to its outreach program:

• Elementary students in cycle 3 go on a virtual scientific expedition to explore the Marine Park. Write us at: info.parcmarin@pc.gc.ca.

• Students in the secondary – cycle 1 geography program get to discover the protected territory. Visit marinepark.learnquebec.ca

FESTIVAL DES OISEAUX MIGRATEURS DE LA CÔTE-NORD (MIGRATORY BIRD FESTIVAL OF THE NORTH SHORE)

During the 3rd weekend of September, experienced birdwatchers and nature lovers are invited to participate in the following activities: bird-watching excursions (pelagic birds and shorebirds), bird banding, and general public conferences.

festivalmigrateurs.com

Festival marin des Escoumins (Les Escoumins marine festival)

September 3 and 4 (Labour Day weekend)

Gaze in wonderment at the St. Lawrence’s underwater landscapes. Attend some film screenings and follow divers as they perform a night dive. You’ll be amazed by the marine life on view! Photo contest and underwater treasure hunt. See all the details on the Facebook page!

“SPECIES AT RISK” TRAIL IN THE SAGUENAY–ST. LAWRENCE MARINE PARK

This 8-kilometre-long trail links the Cap de Bon-Désir Road (Les Bergeronnes, GPS: 48.278083, -69.477585) to Des Pilotes street (Les Escoumins, GPS: 48.323491, -69.420014). Part of the trail runs along Highway 138 (see map on page 9).

LET YOURSELF BE CHARMED BY THE BOREAL OWLS

Learn about research carried out at the Observatoire d’oiseaux de Tadoussac (Tadoussac Bird Observatory) and see a master bander work with these small night owls. As an observer, you can even take part in making the rounds of the nets (activity offered in French). Parc national du Fjord-du-Saguenay. For reservations, call 418 272-1556

DO YOUR CHILDREN LOVE TO EXPLORE?

Ask for the Xplorer program booklet when you enter one of the Parks Canada sites.

On three full moon evenings... We JAZZ it up under the moon!

On June 25, July 23 and August 20, 2016, around 8 p.m. (about one hour before moonrise). Unique in Québec. Magical evenings outdoors on the shore of the river where the whales quietly give way to the moon and its silvery ribbon that decorates the scene for a jazz concert. An experience to be enjoyed!

Marine Environment Discovery Centre, 41, rue des Pilotes, Les Escoumins (inside in the event of inclement weather).

For reservations, call 418-232-6653.

August is archaeology month!

August 1 to 31

The Centre Archéo Topo proposes a tour through the Bergeronnes digs accompanied by a guide archaeologist. The archaeological dig simulation workshop is a unique experience for children; they will discover arrowheads, pipes, pottery shards, and other artefacts.

Centre Archéo Topo: 418-232-6286
THE ST. LAWRENCE BELuga IS ENDANGERED:

Parks Canada and Parcs Québec contribute to protection efforts

In earlier times, belugas were abundant in the waters of the St. Lawrence. There were between 7,800 and 10,000 at the end of the 19th century. Unfortunately, intensive commercial whaling in the early 20th century very nearly made them disappear. Despite the fact that whaling has been banned since 1979, the beluga population has not been restored. It is estimated that the population is actually in decline. Today, it would appear that only 889 belugas remain in the St. Lawrence.

The need to protect the beluga and a large part of its summer habitat prompted the creation of the Saguenay–St. Lawrence Marine Park in 1998. It also led to the implementation of a number of protection, research and awareness-increasing activities. Many organizations, institutions and governments contribute to the efforts in this regard.

Parks Canada and Parcs Québec are also doing their part to protect and increase knowledge of this magnificent animal. On your visit to the marine park area, you may be witnesses to some of their initiatives.

INCREASED AWARENESS:

• The captains of the observation boats and the sea kayak guides participate in an annual training session. If you take an excursion with them, you will benefit from their knowledge;
• By visiting the sites of the Discovery Network, you will discover various facets of the marine park while gaining access to information on the beluga;
• You may encounter one of the teams dedicated to research, awareness or monitoring who ply the marine park on a Parks Canada or a Parcs Québec boat;

THE PARTNERSHIP:

• We’re working with Fisheries and Oceans Canada to educate recreational boaters and kayakers to take care of belugas by keeping their distance.
• The marine excursion companies, Parks Canada, Parcs Québec and the Group for Research and Education on Marine Mammals (GREMM), joined together to form the Eco-Whale Alliance in order to improve visitor experience and whale-watching practices in the marine park;
• We work in consultation with maritime transport specialists in order to reduce the risk of collision with whales and to limit disturbances;
• The recovery and examination of beluga carcasses program allows to learn about the state of health of the animals and to identify the causes of death;

THE MANAGEMENT OF ACTIVITIES:

• The Marine Activities in the Saguenay–St. Lawrence Marine Park Regulations were developed in collaboration with the marine excursion companies. Parks Canada park wardens oversee the application of this regulation;

RESEARCH:

• In addition to contributing to a number of studies, our teams study the distribution and abundance of beluga prey and the movement of vessels in its habitat.

Our efforts are in addition to those of a large number of stakeholders. Protecting the St. Lawrence beluga is everyone’s business. Without your help, we will not be able to achieve this worthwhile goal.
