¹ The seven mountain parks are the following: Banff, Jasper, Yoho, Kootenay, Waterton Lakes, Mount Revelstoke, Glacier ² The marine conservation areas are the following: Fathom Five, Saguenay-St. Lawrence ³ The historic canals are the following: St. Peters, Carillon, Chambly, Lachine, Sainte-Anne-de-Bellevue, Saint-Ours, Rideau, Sault Ste. Marie, Trent-Severn Waterway % ▲ indicates percentage change							

Attendance is measured in Person-visits, which is defined as:

Each time a person enters the land or marine part of a reporting unit for recreational, educational or cultural purposes during business hours. Through, local and commercial traffic are excluded. Same day re-entries and re-entries by visitors staying overnight in the reporting unit do not constitute new person-visits.

General Notations

Data are considered to be accurate at time of presentation.

A fiscal year of data represents the period from April 1 to March 31.

Only reporting units with established recording methodology are included in the report.

The attendance statistic reported is person-visits:

Each time a person enters the land or marine part of a reporting unit for recreational, educational or cultural purposes during business hours. Through, local and commercial traffic are excluded. Same day re-entries and re-entries by visitors staying overnight in the reporting unit do not constitute new person-visits.

Visitor attendance data does not include external programming activities such as visitation to schools, presentations to the public, etc. Trends in visitor data must be interpreted with caution. The very nature of our national park and national historic site locations makes controlled access difficult to manage. Significant fluctuations in volume can be attributed to many ad hoc factors such as flooding, fire, special events and weather extremes. External factors must also be taken into consideration before determining if a variation is statistically significant. *Please see Specific Year Notations for an explanation of variances.*

Location-Specific General Notations

- A. Fort Rodd Hill and Fisgard Lighthouse are separate national historic sites. Their close proximity to each other necessitates the inclusion of their data as one reporting unit for visitor attendance.
- B. Glacier and Mount Revelstoke are separate national parks. Their close proximity to each other necessitates the inclusion of their data as one reporting unit for visitor attendance.
- C. Pacific Rim Reserve excludes Broken Group Islands, Willowbrae Trail, and West Coast Trail data.
- D. Prince Edward Island National Park excludes visitation data from Green Gables House.
- E. Sault Ste. Marie Canal: May to October includes land based visitation and boaters. Other months are land based visitation only.
- F. Trent-Severn Waterway and Rideau Canal data represents land based activity only.
- G. Tuktut Nogait began reporting attendance in 2007-08.
- H. St. Peter's Canal began reporting attendance in 2009-10.
- I. Canada Marine Discovery Centre closed permanently in 2010-11.
- J. St. Andrew's Rectory began operating as a non-staffed site in 2011-12 and is no longer able to report attendance.
- K. Kejimikujik figures do not include those of the Seaside Adjunct.
- L. Port-la-Joye – Fort Amherst is no longer able to report attendance.
- M. St. Peters Canal is no longer able to report attendance.
- N. Battle of the Windmill is no longer able to report attendance.
- O. Jasper Park Information Centre is no longer reporting attendance.

Specific Year & Location-Specific Notations

2009-10

The following locations contain 3 or more months of estimated data: Bruce Peninsula, Fathom Five, Fundy, Green Gables House, Jasper Park Information Centre, Kluane, Nahanni, Rogers Pass, Sault Ste. Marie Canal, Sulphur Mountain Cosmic Ray Station, Terra Nova, York Redoubt

The following locations have revised their attendance methodology: Aulavik, Battle of the Windmill, Fort Beauséjour – Fort Cumberland, Fort Lennox, Ivavik, Manoir-Papineau, Rideau Canal, Saint-Ours Canal, Tuktut Nogait, Wood Buffalo

The following locations were closed for the year due to renovations / repairs / flooding: None

Auyuittuq: Decrease in cruise ships played a role in the decrease.

Gulf of Georgia Cannery: 2010 Winter Olympics celebrations played a role in the increase.

Kejimikujik: Poor weather played a role in the decrease.

Lower Fort Garry: Canada day, group tours, and special event attendance played a role in the increase.

Prince of Wales Tower: Additional week of operating hours played a role in the increase.

Province House: New evening program (sound & light show) played a role in the increase.

Pukaskwa: Poor weather played a role in the decrease.

Queenston Heights: Re-opened in 2009.

Quttinirpaaq: Decrease in cruise ships played a role in the decrease.

Rocky Mountain House: Canada day and school groups played a role in the increase.

Sirmilik: Decrease in cruise ships played a role in the decrease.

St. Andrew's Rectory: A large special event played a role in the increase.

2010-11

The following locations contain 3 or more months of estimated data: Aulavik, Cape Breton Highlands, Ivvavik, Kouchibouguac, Riding Mountain, Rogers Pass, Sulphur Mountain Cosmic Ray Station, Terra Nova, Tukut Nogait, and York Redoubt

The following locations have revised their attendance methodology: Sault Ste. Marie Canal

The following locations were closed for the year due to renovations / repairs / flooding: None

Banff Park Museum: Exterior renovations may have played a role in the increase.

Bar U Ranch: Restaurant and VRC Gift shop increases may have played a role in the increase.

Battle of the Windmill: Decline (in Sept) can be explained by being open fewer days (6) and fewer special events.

Canada Marine Discovery Centre: Closed operations.

Cartier-Brébeuf: Increased special activities and better visitor access.

Castle Hill: Attendance numbers dropped in September due in part to Hurricane Igor.

Cave and Basin: Location closed July 5 for renovations - explaining the decline.

Chambly Canal: Unfavourable weather compared to 2009-10.

Fort Wellington: Decline can be explained by smaller-scale Loyalist Day events offered, and early closure of site (Sept 6).

Fortifications of Québec: Construction on Dufferin Terrace started mid-August which may play a role in the decrease.

Halifax Citadel: Front entrance closed Dec-Mar due to construction. Rainnie Dr. Entrance reopened affecting the traffic counts.

Kouchibouguac: October to March figures were estimated due to construction at the VRC and counter damage.

Lachine Canal: Unfavourable weather compared to 2009-10.

Lévis Forts: No special activities.

Marconi: Decline can be explained by no radio operators on-site daily.

Pacific Rim: Figures from May through September have been adjusted to account for West Coast Trail visitation.

Point Pelee: June 2010: park was closed for 4 days and visitation was impacted for 2 weeks due to a tornado in the area. November & December 2010: the south portion of the park closed to visitors due to AIP construction projects.

Prince of Wales Tower: Closed Sept 3, 2010 - four fewer days of operation than 2009.

Rideau Canal: Please note that the reported statistics for the canal do not include the following visitors:

Winterlude, Ottawa (The National Capital Commission estimates that Winterlude 2010 attracted 600,000 visitors)

Rideau Canal Festival (2010 attendance was 150,000)

Parks Canada-supported museums / sites along the Rideau Canal: (Bytown Museum 2010 - 12,000 visitors; Rideau Canal Museum 2010 - 7,200 visitors; Merrickville Blockhouse 2010 - 11,000 visitors.)

Ryan Premises: Attendance numbers dropped in September due in part to Hurricane Igor.

Wapusk: In 2009, Parks Canada partnered with a tour operator to fly over and land in the park. In 2010 the tour operator did not think it was feasible and stopped offering the tours, explaining the large decrease in visitation.

2011-12

The following locations contain 3 or more months of estimated data: Pacific Rim, Pukaskwa, Sault Ste. Marie Canal, Sulphur Mountain Cosmic Ray Station, and Terra Nova.

The following locations have revised their attendance methodology: Pukaskwa, Grasslands, St. Andrew's Rectory, and Jasper Park Information Center.

The following locations were closed for the year due to renovations / repairs / flooding: Cave and Basin.

Cartier-Brébeuf: Fewer special activities in 2011 may have played a role in the decrease.

Chambly Canal: Flooding along the Richelieu River (April, May, and June) may have played a role in the decrease.

Fort Chambly: Flooding along the Richelieu River (April, May, and June) may have played a role in the decrease.

Fort Lennox: Flooding along the Richelieu River (April, May, and June) may have played a role in the decrease.

Fort Wellington: Loyalist Days celebration may have played a role in the increase.

Fortifications of Québec: Construction on the Dufferin Terrace may play a role in the decrease.

Grasslands: Nature of the methodology recording change: Resolved reporting inconsistencies. Flooding and road closures may also have played a role in the decrease.

Jasper Park Information Center: Nature of the methodology recording change: Automated counters.

Kejimikujik: Rainy weather in May and June may have played a role in the decrease.

Lévis Forts: More special activities may have played a role in the increase.

Louis S. St. Laurent: More special activities may have played a role in the increase.

Port-la-Joye-Fort Amherst: Site improvements and increased media coverage may have played a role in the increase.

Pukaskwa: Nature of the methodology recording change: Now includes Robin Superior Treaty Group usage.

Quttinirpaq: The lack of an ice-breaker ship, a fuel shortage, and no cruise ship stops in the region may have played a role in the decrease.

Saint-Ours Canal: A delay to the start of the season due to flooding (May and June) may have played a role in the decrease.

St. Andrew's Rectory: Nature of the methodology recording change: Now operated as a non-staffed site.

The Forks: The Dragon Boat Festival did not return in 2011 and may have played a role in the decrease.

The Fur Trade at Lachine: Fewer school groups may have played a role in the decrease.

Woodside: Flooding (September) and resulting closure of the main building may have played a role in the decrease.

2012-13

The following locations contain 3 or more months of estimated data: Sulphur Mountain Cosmic Ray Station, Terra Nova, and York Redoubt.

The following locations have revised their attendance methodology: Castle Hill.

The following locations were closed for the year due to renovations / repairs / flooding: Cave and Basin.

The following locations did not report attendance in 2012-13: Battle of the Windmill, Jasper Park Information Centre, Port-la-Joye–Fort Amherst, and St. Andrew's Rectory.

Kejimikujik: Poor weather may have played a role in the decrease.

La Mauricie: Good weather during the summer may have played a role in the increase.

Ivvavik: Fly-in base camp hiking week-ends contributed to the increase.

Aulavik: The only licensed commercial operator ceased operations in 2012, contributing to the decrease.

Halifax Citadel: One less special event than previous year contributed to the decrease.

Port Royal: An earlier closing date may have contributed to the decrease.

Fort Beauséjour: An earlier closing date may have contributed to the decrease.

Battle of the Châteauguay: Completed road work and increase in media due to 1812 celebrations may have played a role in the increase.

Battle of the Restigouche: An earlier closing date may have contributed to the decrease.

Cartier-Brébeuf: Fewer special events and reserved groups played a role in the decrease.

Chambly Canal: Returning to normal after flooding in 2011.

Forges du Saint-Maurice: Fewer school and organized groups may have contributed to the decrease.

Fort Lennox: Returning to normal after flooding in 2011.

Fort Témiscamingue: Less promotion than the previous year played a role in the decrease.

Fortifications of Quebec: End of construction on the Dufferin Terrace played a role in the increase.

Lévis Forts: Fewer special events played a role in the decrease.

Louis S. St. Laurent: Fewer special events played a role in the decrease.

Sir George-Étienne Cartier: An earlier closing date and less attendance at Victorian Christmas may have contributed to the decrease.

Sir Wilfrid Laurier: Fewer special events played a role in the decrease.

The Fur Trade at Lachine: An earlier closing date and fewer groups may have contributed to the decrease.

Fort St. Joseph: War of 1812 special events played a role in the increase.

The Forks: Return of the Dragon Boat festival and opening of new heritage Adventure Park may have played a role in the increase.

2013-14

The following locations contain 3 or more months of estimated data: Riding Mountain, Sulphur Mountain Cosmic Ray Station, Terra Nova, and York Redoubt.

The following locations have revised their attendance methodology: Kluane, The Forks, Wood Buffalo, and York Redoubt.

The following locations were closed for the year due to renovations / repairs / flooding / other: Prince of Wales Tower.

The following locations did not report attendance in 2013-14: Battle of the Windmill, Jasper Park Information Centre, Port-la-Joye–Fort Amherst, St. Andrew's Rectory, and St. Peters Canal.

The following locations were negatively impacted by the Alberta floods in June 2013 (either through closures of the locations themselves or main highways): Banff, Bar U Ranch, Kootenay, Rocky Mountain House, Waterton Lakes, and Yoho.

Gwaii Haanas: Does not include visitors who went to the Legacy Pole raising at Hlk'yah GawGa/Windy Bay on August 15, 2013.

Castle Hill: Re-organization of the Visitor Centre entrance may have played a role in the increase.

Fortress of Louisbourg: Celebrations for the 300th anniversary of Louisbourg played a role in the increase.

Province House: Some closures for renovations contributed to the decrease.

Carillon Canal: Poor weather may have contributed to the decrease.

Chambly Canal: Poor weather may have contributed to the decrease.

Lachine Canal: More special events (Evensco, C2M, Festival Folk, and Village Éphémère) may have played a role in the increase.

Lévis Forts: Changes to operating hours, fewer school groups, and fewer special event visitors may have played a role in the decrease.

Sainte-Anne-de-Bellevue Canal: Poor weather may have contributed to the decrease.

Saint-Ours Canal: Poor weather may have contributed to the decrease.

Bar U Ranch: Closures due to Alberta floods contributed to the decrease.

Klondike NHS: Changes to service offer may have contributed to the decrease.

S.S. Klondike: Changes to entry fees may have played a role in the increase.
