1 The seven mountain parks are: Banff, Jasper, Yoho, Kootenay, Waterton Lakes, Mount Revelstoke, Glacier
2 The marine conservation areas are: Fathom Five, Saguenay-St. Lawrence
3 The historic canals are: St. Peters, Carillon, Chambly, Lachine, Sainte-Anne-de-Bellevue, Saint-Ours, Rideau, Sault Ste. Marie, Trent-Severn Waterway

% ▲ indicates percentage change

Attendance is measured in Person-visits, which is defined as: Each time a person enters the land or marine part of a reporting unit for recreational, educational or cultural purposes during business hours. Through, local and commercial traffic are excluded. Same day re-entries and re-entries by visitors staying overnight in the reporting unit do not constitute new person-visits.

▲ Percent change between 2016-17 and 2017-18  ▬ Total contains 3 or more months of estimated data  ▼ Recording methodology change
General Notations

Data are considered to be accurate at time of presentation.
A fiscal year of data represents the period from April 1 to March 31.
Only reporting units with established recording methodology are included in the report.

Visitor attendance data does not include external programming activities such as visitation to schools, presentations to the public, etc. Trends in visitor data must be interpreted with caution. Significant fluctuations in volume can be attributed to many ad hoc factors such as flooding, fire, special events and weather extremes. These external factors should be taken into consideration before determining if a variation is statistically significant.

Location Specific Notations

A. Fort Rodd Hill and Fisgard Lighthouse are separate national historic sites. Their close proximity to each other necessitates the inclusion of their data as one reporting unit for visitor attendance.
B. Glacier and Mount Revelstoke are separate national parks. Their close proximity to each other necessitates the inclusion of their data as one reporting unit for visitor attendance.
C. Pacific Rim Reserve excludes Broken Group Islands, Willowbrae Trail, and West Coast Trail data.
D. Prince Edward Island National Park excludes visitation data from Green Gables House.
E. Trent-Severn Waterway, Rideau Canal, & Sault Ste. Marie Canal data represents land based activity only.
F. Kejimkujik figures do not include those of the Seaside Adjunct.

Specific Year Notations

2016-17

The following locations contain 3 or more months of estimated or duplicated data: Kejimkujik, Manoir-Papineau, Prince Edward Island, Rideau Canal, Sault Ste. Marie Canal, and Sulphur Mountain Cosmic Ray Station.
The following locations have revised their attendance methodology: None.
The following locations experienced closures to part or all of the site due to renovations / repairs / extreme events / other: Carleton Martello Tower, Klondike National Historic Sites, Province House, and Prince of Wales Tower.

2017-18

Entry was free to all locations between January and December 2017 as part of the Government of Canada's 'Canada 150' celebrations.

The following locations contain 3 or more months of estimated or duplicated data: Kouchibougouac, Prince Edward Island, Sault Ste. Marie Canal, Sulphur Mountain Cosmic Ray Station, and the four mountain parks (Banff, Jasper, Yoho, and Kootenay) group tours.
The following locations have revised their attendance methodology: None.
The following locations experienced closures to part or all of the site due to renovations / repairs / extreme events / other: Carillon Canal, Lachine Canal, Sainte-Anne-de-Bellevue Canal, Kootenay, and Waterton Lakes.
