Do not approach or entice wildlife. Give wildlife space.

For safe roadside viewing:

- Slow down. Be aware of the traffic around you.
- Pull over when and where it is safe to do so.
- Use hazard lights to alert other drivers.
- **Stay in your vehicle.**
- Watch for a few moments, take a quick photo, and move on.

It is illegal to feed, entice or disturb any wildlife in a national park. Violators will be charged, be required to appear in court, and could pay fines up to \$25 000.
