II PURPOSE OF THE CANADIAN HERITAGE RIVERS SYSTEM

This Charter defines a framework for co-operation between Canada and the Provinces and Territories (hereinafter referred to as "the parties") to recognize, protect and manage, in a sustainable manner, Canada's important rivers and their natural heritage, human (cultural/historical) heritage and recreational values.

III PRINCIPLES OF THE CANADIAN HERITAGE RIVERS SYSTEM

This Charter serves to emphasize the following principles, which form (or will form) part of the Strategic Plan of the Canadian Heritage Rivers Board:

- i) Participation in the Canadian Heritage Rivers System is voluntary.

- ii) Participants in the Canadian Heritage Rivers System will retain their traditional jurisdictional powers over rivers included in the System including ownership of land, the choice to nominate a river to the System and the right to continue to operate and manage designated rivers in accordance with the objectives of the System.
- iii) All participants in the Canadian Heritage Rivers System will respect the rights and concerns of communities, Aboriginal Peoples, land owners and other stakeholders in the nomination, designation and management of Canadian Heritage Rivers.
- iv) Rivers, or sections of rivers, included in the Canadian Heritage Rivers System will meet the spirit of the heritage and recreational value selection guidelines as set out by the Canadian Heritage Rivers Board.
- v) River nominations and designations will be jointly approved, on the recommendation of the Canadian Heritage Rivers Board, by the Minister(s) of the nominating jurisdiction(s) and the Minister responsible for Parks Canada.
- vi) Parks Canada will continue to be the lead federal agency in the Canadian Heritage Rivers System and will, through a Secretariat operated on behalf of the Board, provide support for the promotion of the System at the national and

international levels and co-ordination of the ongoing monitoring of designated rivers. Parks Canada will also provide assistance to provinces and territories for the preparation of studies and plans leading to the nomination and designation of rivers to the System.

- vii) Provincial and territorial governments will continue to make a substantial commitment to the Canadian Heritage Rivers System through assuming the long-term operational and management costs of having rivers within their jurisdictions designated to the System.
