## Minister's message

On behalf of Parks Canada, I am pleased to present this report on services fees for fiscal year 2020–2021.

Parks Canada protects 450,000 square kilometres of natural and cultural heritage places and welcomes millions of visitors every year to national historic sites, national parks, and national marine conservation areas across the country. Over the past year, these places have provided an important service to Canadians seeking a safe and healthy escape from the challenges of the COVID-19 pandemic. Throughout the year, outdoor settings administered by Parks Canada offered millions of Canadians safe places for recreation, wellness, and for being together with friends and family.

Parks Canada operations are funded by a combination of annual budget appropriations and revenues earned from service fees. The Agency strives to ensure that service fees are affordable so that Canada's national heritage places can be enjoyed by everyone. Responsible cost recovery is also an important objective for Parks Canada, and all revenues earned from service fees are reinvested directly into operations. These revenues help to ensure that Parks Canada continues to deliver high quality services to Canadians and that national heritage places are managed and protected for future generations.

In accordance with the *Service Fees Act*, this annual report provides a detailed and transparent overview of all of Parks Canada's administration of service fees from April 1, 2020, to March 31, 2021.

### **The Honourable Steven Guilbeault**

Minister of Environment and Climate Change and Minister responsible for Parks Canada

## President & Chief Executive Officer's message

On behalf of Parks Canada, I am pleased to present the Agency's annual Fees Report for 2020–2021.

Each and every day, the Parks Canada team works tirelessly to protect national historic sites, national parks, and national marine conservation areas and welcome millions of visitors to these treasured places.

The services provided to Canadians by Parks Canada depend significantly on the revenues earned from the service fees outlined in this report. These revenues are reinvested into Parks Canada operations and make an important contribution to the ongoing provision of high levels of service to Canadians and to the conservation and presentation of one of the world's greatest networks of protected heritage places.

Parks Canada is committed to maintaining a system of services fees that represents reasonable cost recovery and excellent value for Canadians while being affordable for all. The service fees charged by Parks Canada are designed to ensure that anyone and everyone can visit and enjoy our national heritage places, connect with nature, learn about history, and celebrate Canada.

In 2020–2021, Parks Canada provided a safe haven from the stresses of the COVID-19 pandemic at outdoor settings in national historic sites, national parks, and national marine conservation areas across the country. Millions of Canadians chose to spend their recreation and vacation time in these settings, coming together safely with friends and family at all times of the year. Parks Canada is proud to have served Canadians during this challenging time and looks forward to maintaining a connection with those who visited for the first time last year as well as those who have been long-time users of Canada's national heritage places.

President & Chief Executive Officer, Parks Canada Agency

## About this report

This report, which is tabled under section 20 of the *Service Fees Act*, including the *Low-Materiality Fees Regulations*<sup>ii</sup> and subsection 4.2.8 of the *Directive on Charging and Special Financial Authorities*<sup>iii</sup>, contains information about the fees that the Parks Canada Agency had the authority to set in 2020–2021.<sup>1</sup>

Government of Canada departments may set fees for services, licences, permits, products, the use of facilities, for other authorizations of rights or privileges, or to recover, in whole or in part, costs incurred in relation to a regulatory scheme.

For reporting purposes, fees must be categorized under the following three fee-setting mechanisms:

1. Act, regulation or fees notice
  - An act of Parliament delegates the fee-setting authority to a department, minister or the Governor in Council.
2. Contract
  - Ministers have the authority to enter into contracts, which are usually negotiated between the minister and an individual or organization, and which cover fees and other terms and conditions. In some cases, that authority may also be provided by an act of Parliament.
3. Market rate or auction
  - The authority to set these fees is pursuant to an act of Parliament or regulation, and the minister, department or Governor in Council has no control over the fee amount.

This report contains information about all fees that are under Parks Canada's authority, including any Parks Canada fees that may be collected by another department.

The information covers fees subject to the *Service Fees Act* and those that are exempted from the *Service Fees Act*. Note that Parks Canada delivers thousands of services to visitors across 222 locations. Due to this complexity, the Agency provides information on fees in groupings as well as by individual fee.

For fees set by contract and fees set by market rate or auction, the report provides totals only. For fees set by act, regulation or fees notice, the report provides totals for fee groupings, as well as detailed information for each fee.

---

1. All years presented in this manner refer to fiscal years.

Although the fees that Parks Canada charges under the *Access to Information Act*<sup>iv</sup> were subject to the *Service Fees Act*, they are not included in this report. Information on Parks Canada's access to information fees for 2020–2021 can be found in the Agency's annual Access to Information Report, which is posted to the Parks Canada web site at: [Parks Canada's Annual Report – Access to Information Act](#)<sup>v</sup>.

## Remissions

This report does not include remissions issued under the authority of the *Service Fees Act*, since this requirement took effect on April 1, 2021. Remissions issued under the *Service Fees Act* will be reported for the first time, as applicable, in the 2021–2022 Fees Report, which will be published in 2022–2023.

The *Service Fees Act* requires departments to remit a fee, in part or in full, to a fee payer when a service standard is deemed not met. Under the *Service Fees Act* and the *Directive on Charging and Special Financial Authorities*<sup>vi</sup>, departments had to develop policies and procedures for determining:

- whether a service standard has been met
- how much of a fee will be remitted to a fee payer if a service standard is deemed not met

The Parks Canada Agency remission policy and procedures were made available to the public as of April 1, 2021, and can be found on the following web page: [Parks Canada Service Standard on Remissions](#).<sup>vii</sup>

No other remissions related to fees were issued by Parks Canada since the Agency did not have or seek other authorities to remit.

In 2020–2021, Parks Canada made significant adaptations to visitor services and all operations to provide a safe environment for visitors and employees and minimize the risks of transmission of COVID-19. These changes meant that some services could not be delivered in 2020–2021 and that adjustments were frequently required in response to the changing circumstances of the coronavirus pandemic. For example, over 52,000 camping reservations were cancelled due to local, regional or national public health guidance or restrictions on activities and travel. These were reimbursed in full pursuant to authorities in the *Financial Administration Act*<sup>viii</sup>.

## Overall totals, by fee-setting mechanism

The following table presents the total revenue, cost and remissions for all fees that Parks Canada had the authority to set in 2020–21, by fee-setting mechanism.

**Overall totals for 2020–21, by fee-setting mechanism**

Fee-setting mechanism	Revenue (\$)	Cost (\$)	Remissions (\$)
<b>Fees set by contract</b>	30,858,345	26,506,721	Remissions do not apply to fees set by contract.
<b>Fees set by either market rate or auction</b>	N/A	N/A	Remissions do not apply to fees set by market base, auction or both.
<b>Fees set by act, regulation or fees notice</b>	71,223,743	483,441,508	0
<b>Total</b>	102,082,088	509,948,229	0

In spring 2020, Parks Canada temporarily suspended visitor access and services across the country for several weeks while the Agency adapted its operations and services to minimize the risks of COVID-19 to visitors and employees. Services resumed in June 2020, but at a reduced number of locations and with a reduced number of visitor experiences. This temporary suspension of services, the reduced visitor offer, and changes in travel patterns arising from the public health restrictions required to flatten the curve of the COVID-19 pandemic led to reduced visitor revenues for Parks Canada in 2020-2021.

## Totals, by fee grouping, for fees set by act, regulation or fees notice

The following section presents, for each fee grouping, the total revenue, cost and remissions for all fees that Parks Canada had the authority to set in 2020–21 that are set by any of the following:

- acts;
- regulations;
- fees notices.

A fee grouping is a set of fees relating to a single business line, directorate or program that a department had the authority to set for those activities.

**Admission: totals for 2020–21**

Fee grouping	Retail Products	
Revenue (\$)	Cost (\$)	Remissions (\$)
309,847*	792,369	0

\*Many Parks Canada gift shops could not operate in 2020-2021, or operated at a minimum level, in order to minimize health and safety risks associated with COVID-19. This caused a decline in official merchandise and utilitarian products sales. Gift shops still had to replenish their inventory for summer of 2021, which led to an increase in costs late in the fiscal year, with sales following in the subsequent fiscal year.
