Minister's message

As Minister responsible for Parks Canada, I am pleased to present the Agency's annual fees report for fiscal year 2022–2023.

Parks Canada protects a vast network of cultural and natural heritage places that include 171 national historic sites, 47 national parks, five national marine conservation areas and one national urban park. These natural and cultural heritage places make important contributions to the conservation of species and ecosystems and help share the stories of Canada with Canadians and guests from around the world.

Parks Canada is committed to providing high quality and meaningful experiences for visitors and supporting the tourism industry in local communities from coast to coast to coast. Parks Canada delivers services and experiences at more than 200 locations found in every region of the country. Revenues generated from visitor fees contribute approximately 25 percent to Parks Canada's operations and are directly reinvested to support the enjoyment and conservation of national historic sites, national parks, national marine conservation areas and the national urban park for years to come.

Parks Canada ensures that all fees charged to visitors are affordable so that national heritage places across the country can be enjoyed by everyone. Fees for entry and admission are maintained at affordable levels while fees for services that bring private benefits for individuals or businesses achieve higher levels of cost recovery. Regular fee adjustments continue to be implemented, based on changes in the Consumer Price Index. The most recent one was in 2022, and the next one will be on January 1, 2024.

In accordance with the *Service Fees Act*, this annual report provides a detailed and transparent overview of Parks Canada's administration of service fees from April 1, 2022, to March 31, 2023.

President & Chief Executive Officer's message

I am pleased to present Parks Canada's annual fees report for 2022–2023. Parks Canada team members are dedicated to protecting, presenting and fostering public understanding and appreciation of national historic sites, national parks and national marine conservation areas for the benefit and enjoyment of all Canadians and visitors from around the world.

Parks Canada provides a wide variety of services to visitors, businesses, and the residents of townsite communities, supporting tourism and communities in every corner of Canada. Revenues generated from these services greatly contribute to Parks Canada's ability to meet its mandate on behalf of the people of Canada.

Parks Canada is committed to ensuring that service fees represent excellent value and remain affordable for all Canadians. Fees for some value-added services were adjusted in 2023 to achieve better recovery of costs and support the delivery of high-quality visitor experiences such as guided tours, backcountry and winter trail use, special event permits, golfing, facility rentals, and access to hot pools. These adjustments consider inflation, variable costs and local market conditions.

Parks Canada strives to maintain low prices for public benefit services, such as entry and admission, while ensuring that services that bring private benefits to individuals and businesses are priced at levels which provide for greater recovery of costs and better alignment with market prices.

Since fees were last reviewed in 2008, Parks Canada's operational costs have increased significantly, and the cost of living has risen by approximately 21 percent. Fee adjustments help Parks Canada recover a greater portion of the costs associated with visitor services. Over time, this will allow Parks Canada to offer visitors even better opportunities to experience the outdoors and learn about our environment and history.

I am pleased to share this detailed and transparent overview of Parks Canada's service fees for the period April 1, 2022, to March 31, 2023.

About this report

This report, which is tabled under section 20 of the *Service Fees Act*ⁱ, the *Low-Materiality Fees Regulations*ⁱⁱ, and subsection 4.2.8 of the Treasury Board *Directive on Charging and Special Financial Authorities*ⁱⁱⁱ, contains information about the fees Parks Canada had the authority to set in fiscal year 2022–2023.

The report covers fees that are subject to the *Service Fees Act*.

For reporting purposes, fees are categorized by fee-setting mechanism. There are three mechanisms:

1. Act, regulation or fees notice
The authority to set these fees is delegated to a department, minister or Governor in Council pursuant to an act of Parliament.
2. Contract
Ministers have the inherent authority to enter into contracts, which are usually negotiated between the minister and an individual or organization, and which cover fees and other terms and conditions. In some cases, that authority may also be provided by an act of Parliament.
3. Market rate or auction
The authority to set these fees is pursuant to an act of Parliament or a regulation, and the minister, department or Governor in Council has no control over the fee amount.

For fees set by act, regulation or fees notice, the report provides totals for fee groupings, as well as detailed information for each fee. For fees set by contract and fees set by market rate or auction, the report provides totals only. Note that Parks Canada delivers thousands of services to visitors across 224 locations. Due to this complexity, Parks Canada provides information on fees in groupings as well as by individual fee.

Although the fees Parks Canada charges under the *Access to Information Act*^{iv} were subject to the *Service Fees Act*, they are not included in this report. Information on Parks Canada's access to information fees for 2022–2023 is in our annual report to Parliament on the administration of the *Access to Information Act* listed on the [Parks Canada website](#)^v.

Remissions

In 2022–2023, Parks Canada was subject to the requirement to issue remissions under section 7 of the *Service Fees Act* and subsection 4.2.4 of the Treasury Board *Directive on Charging and Special Financial Authorities* to remit a fee, in whole or in part, to a fee payer when a service standard was deemed not met. Parks Canada’s remission policy and procedures, pursuant to the *Service Fees Act*, can be found on the Parks Canada website: [Parks Canada’s Remission Policy](#)^{vi}.

In 2022–2023, Parks Canada also issued refunds under the *Parks Canada Agency Act*^{vii}. These refunds may have been for reasons other than not meeting a service standard. The authority to refund is delegated in section 28. Through the Parks Canada Guarantee, front-line staff are empowered to ensure that visitors leave their experience with Parks Canada satisfied even when things have gone wrong or expectations have not been met for reasons outside of Parks Canada’s control, including offering refunds when appropriate.

The other sections of this report provide detailed amounts on Parks Canada’s remissions for 2022–2023.
