

Niagara Heritage Multi-use Trails

Enjoy paved and unpaved trails between Fort George, Butler's Barracks, and Paradise Grove in beautiful Niagara-on-the-Lake by walking, running, biking, and dog walking. The trails include the heritage roads of Camp Niagara, which operated as a training camp for the Canadian Army. Paradise Grove was originally planted to support ship building on the Great Lakes. The trails are free to use and available year-round, though trail conditions vary depending on the weather (trails are not salted or cleared of ice and snow in the winter).

For more information visit: pc.gc.ca/fortgeorge
