

Interpretive Program 1971

Fundy National Park

Programme d'interpré- tation 1971

Parc national Fundy

FUNDY NATIONAL PARK INTERPRETIVE PROGRAM

The National Parks Service of Canada presents this nature program to help further your enjoyment and understanding of the features of Fundy National Park. The Park Naturalists conducting the program are available to answer your questions. They may be contacted at their office in the Assembly Hall or through the Information Office at Park Headquarters.

NATURE WALKS AND HIKES

Guided by trained naturalists. Bring the family to see interesting features of the Park. (See daily schedule on back page. Shoes suitable for walking on woodland trails should be worn on all hikes. Small children must be accompanied by adults).

1. CARIBOU PLAIN (2½ mi.) - Trip past beaver dams and small lakes, through softwood and hardwood forests, to an open bog, the Caribou Plain. No steep slopes. Advisable to be prepared for some wet ground during rainy weather.
2. ALMA BEACH (1 mi.) - A beach walk to examine transitions from land and freshwater communities to marine communities along tidal flats.
4. HERRING COVE BEACH (1 mi.) - A trip on the beach to see the effects of Fundy's great tides on the shoreline and marine life of the area.
5. KINNIE BROOK (2½ mi.) - A fairly strenuous hike on which an easy return trail may be taken to avoid the steep valley slopes. This hike examines the role of animals in the forest, varied plant life and an underground stream.

6. BACK FORTY (1½ mi.) - A pleasant walk to a lovely maple grove to examine the forest succession from abandoned farmland to hardwood forest.

7. PT. WOLFE BEACH (1 mi.) - Meet at the Coppermine Trail for a walk to the beach to examine the geology, marine life, and tides at the mouth of the Pt. Wolfe River.

EVENING PROGRAMS

You are invited to attend illustrated talks about the natural history of the park, presented at dusk in the Amphitheatre, Park Headquarters. In wet weather these are held in the Assembly Hall.

SELF-GUIDING NATURE TRAILS

Five self-guiding trails, supplied with guide leaflets and signs and marked by yellow triangles, permit you to discover the natural history of representative areas of the park. These trails are the Caribou Plain (bog), Dickson Falls (spruce-fir forest), Maple Grove (hardwood forest), and Coppermine (geology).

CHILDREN'S PROGRAM

Ask at campground or information offices for a special brochure about our children's program, conducted during July and August, and at other times by special arrangement.

PROTECT YOUR VALUABLES

Lock them in the trunk or glove compartment of your parked car.

BAD WEATHER

In bad weather, evening programs are held in the Assembly Hall, Park Headquarters.

In cases of cancellation due to rain, guided walks scheduled for 9:00 a.m. and 2:00 p.m. will be replaced by a program held in the Assembly Hall at 10:00 a.m. and 3:00 p.m. respectively. Cancelled hikes scheduled at other times or on Sunday morning will not be replaced.

DARK OCCURS ABOUT

- 9:45 P.M. from late June to mid-July
- 9:30 P.M. in late July
- 9:15 P.M. in early August
- 9:00 P.M. in mid-August
- 8:45 P.M. in late August and early September

CHIGNECTO CAMPGROUND ONLY - SCHEDULE OF EVENING PROGRAMS

A series of evening programs will be held in the new amphitheatre in Chignecto South Campground for Chignecto visitors. These events will begin at dark and will continue through the period of operation of the campground.

TUESDAY	-	ILLUSTRATED TALK
WEDNESDAY	-	ILLUSTRATED TALK
FRIDAY	-	ILLUSTRATED TALK
SATURDAY	-	ILLUSTRATED TALK

SPECIAL EVENTS

Please watch the bulletin boards for special events which will be held in addition to the regular program. These events will include beaver and wildlife observation, special talks, and walks, as well as the measurement of the highest tide of the year.

Nous espérons être bientôt en mesure d'offrir un programme complet d'interprétation du parc en français. Actuellement, la chose n'est pas possible parce que nous n'avons pu obtenir les services de naturalistes de langue française. Nous essayons cependant de recruter pour l'été des étudiants d'université francophones. Nous vous prions donc de demander ce renseignement au centre d'information ou au centre d'interprétation du parc. Merci.

What the programs are all about

The interpretive programs seek to show you the subtle yet vital relationships that exist between a park's various elements. Land, water, plants and animals all give and take from each other in a life cycle that forms the total environment.

To protect your national parks and ensure their continued existence, please leave everything undisturbed: don't feed animals, don't pick flowers, don't scratch your name on rocks, learn and obey fire regulations, and please, don't litter. There are garbage receptacles throughout the parks, and lightweight bags are available free from park staff so hikers and backwood campers may pack out their refuse.

More information on this park is available from the park naturalist or the information centre. For details on Canada's other national parks, write to the National and Historic Parks Branch, Ottawa K1A 0H4.

Ce que valent les programmes

Les programmes d'interprétation visent à vous expliquer les relations subtiles, quoique vitales, entre les divers éléments d'un parc. Sol, eau, plantes et animaux tour à tour donnent et reçoivent, au cours d'un cycle vital qui compose le milieu global.

Pour protéger vos parcs nationaux et assurer leur existence, de grâce, ne dérangez rien! Ne nourrissez pas les animaux, ne cueillez pas les fleurs, ne gravez pas votre nom partout, apprenez et suivez les règlements et surtout, ne souillez pas les lieux. Des poubelles sont placées dans les parcs et des sacs légers sont distribués gratuitement pour que marcheurs et campeurs y déposent leurs déchets.

Le naturaliste ou le centre de renseignements vous fournira des détails additionnels. Pour plus de précisions sur les autres parcs nationaux, écrivez à la Direction des Parcs nationaux et des Lieux historiques, Ottawa K1A 0H4.

SCHEDULE JUNE 21st, 1971 to SEPTEMBER 6th, 1971

Day	Time	Event	Meeting Place	Duration
Sun.	SEE BELOW 8:30 A.M.	Herring Cove Beach Walk Naturalist's Choice	Herring Cove Picnic Area Assembly Hall Parking Lot	2½ hours 2½ hours

BEACH WALK SCHEDULE

Walks begin at 9:00 A.M. on:
June 25-27; July 11-14, 24-27;
August 9-12, 22-26.

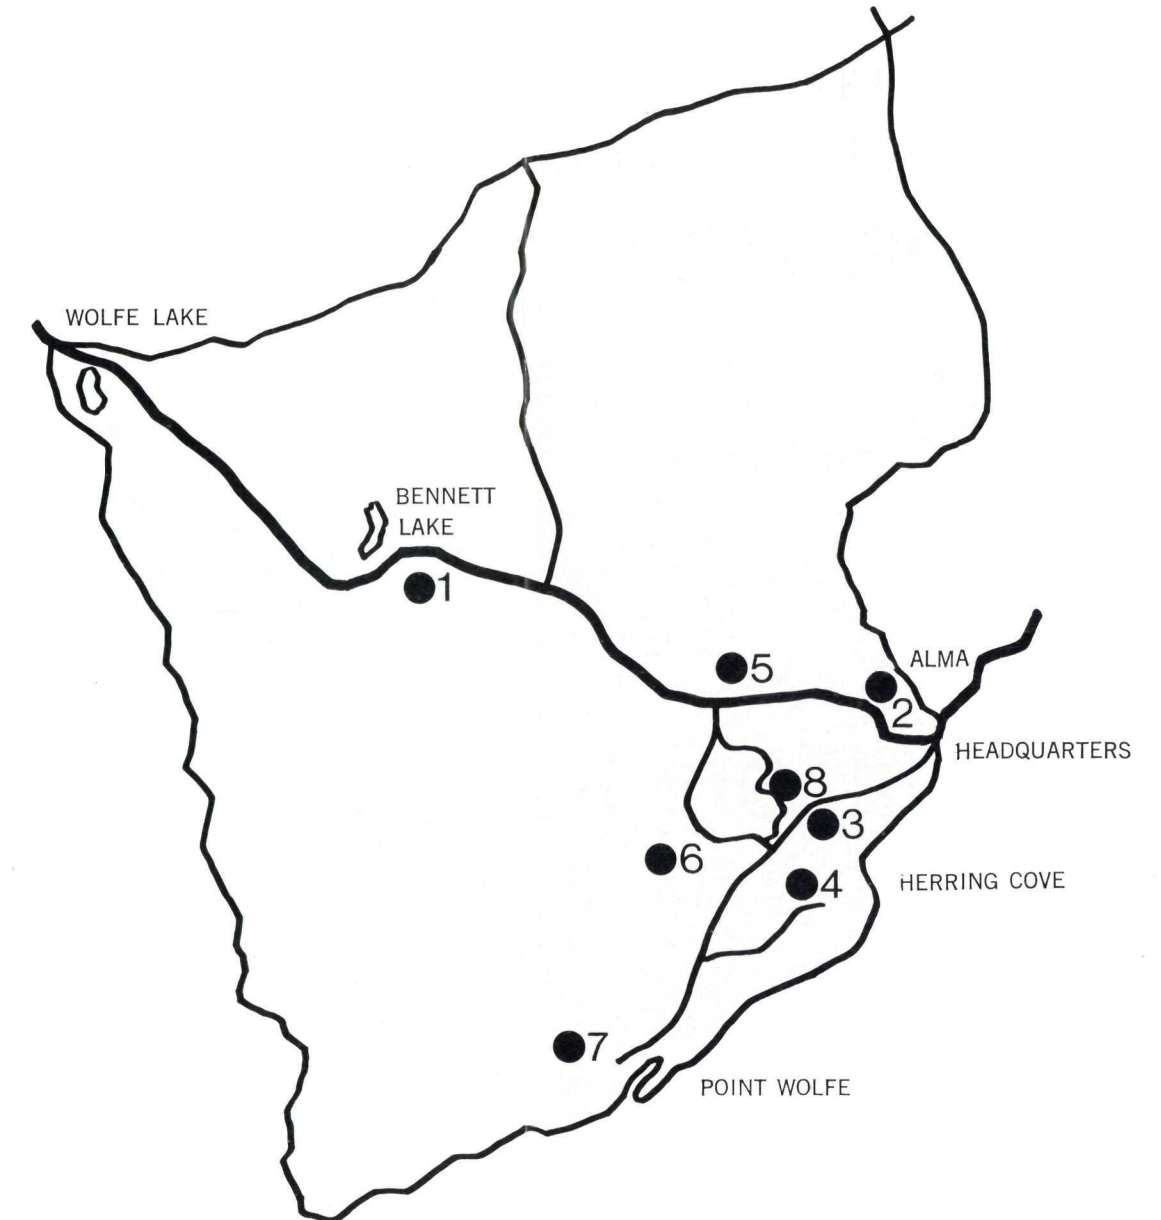

AT 10:00 A.M. on:
June 28-30; July 15-16, 28-30;
August 13-14, 27-29.

AT 1:00 P.M. on:
July 1-3, 17-18, 31;
August 1-2, 15-16, 30-31;
September 1

AT 3:00 P.M. on:
June 21; July 4-6, 19-21;
August 3-5, 17-19;
September 2-4.

AT 6:30 P.M. on:
June 22-24; July 7-10, 22-23;
August 6-8, 20-21;
September 5-6.

LOCATION OF GUIDED WALKS AND SELF-GUIDING TRAILS

Walks & Hikes

- 1 Caribou Plain
- 2 Alma
- 4 Herring Cove
- 5 Kinnie Brook
- 6 Back Forty
- 7 Pt. Wolfe

Self-guiding Trails

- 1 Caribou Plain
- 3 Dickson Falls
- 5 Kinnie Brook
- 7 Coppermine
- 8 Maple Grove
