

Points of Interest

With over 11 000 km² of wild terrain, it's safe to say Jasper National Park is rather large. The best way to explore this incredible landscape is to take a day for each of its 5 major regions:

- 1 Around Town, 2 Maligne Valley, 3 Edith Cavell and 93A,
- 4 Miette Hot Springs and the 5 Icefields Parkway (93N). Each of these regions contain very unique terrain, water ways, wilderness and facilities.

! Drivers Note: Some roads and sites do not allow RVs or trailers due to size limits. For information on vehicle restrictions and seasonal road closures, visit: parks.canada.ca/jasper-roads
