**How to Drive for Wildlife**

Park roadways intersect important travel corridors for wildlife. You can help prevent road kills.

- Stay alert and scan the road ahead.
- Look for signs of wildlife.
- Obey posted speed limits. They usually indicate animal crossing areas.
- Pay special attention during dawn and dusk.

Drive as if their lives depend on it.

**Always keep your distance**

Any wild animal can be dangerous if you get too close. Do not approach or entice wildlife. Use binoculars or a telephoto lens instead. Stay at least:
