Connect With Nature

OUR STORY

Indigenous peoples were the first to discover naturally forming ochre in small streams flowing through the Vermilion Plain. Mixing the red clay with fish oil or animal grease, they painted their bodies, clothes and tipis, and drew pictures on the rocks. Nineteenth century prospectors soon followed, mining the ochre by hand to create pigment for paint. The Paint Pots lie near the north end of the Banff-Windermere Highway, the road that runs through Kootenay National Park.

The highway, completed in 1923, was conceived to draw tourists to the picturesque scenes on either side of the road, while opening commercial links east of the Rockies. Kootenay is the only national park to feature both glacier-clad peaks along the Continental Divide and semi-arid grasslands in the Columbia Valley. Apart from ochre deposits, Kootenay boasts a geological heritage to inspire any artist—from Burgess Shale fossils to the dolomite walls of Marble Canyon and the rust covered cliffs above Radium Hot Springs. In 2003, dramatic wildfires in the Vermilion Valley revealed glaciers hanging above the flame-scorched forest, further enhancing the park’s natural legacy.

A UNESCO WORLD HERITAGE SITE

Four of the mountain national parks—Banff, Jasper, Yoho and Kootenay—are recognized by the United Nations Educational, Scientific and Cultural Organization as part of the Canadian Rocky Mountain Parks World Heritage Site, for the benefit and enjoyment of all nations. Among the attributes that warranted this designation were vast wilderness, diversity of flora and fauna, outstanding natural beauty and features such as Lake Louise, Maligne Lake, the Columbia Icefield and the Burgess Shale.

Top 10 Things to Do

P. Zizka

1 **BURGESS SHALE GUIDED HIKES**

Meet your ancient ancestors and hold a piece of earth's history on a guided hike to the Stanley Glacier fossil site. Reservations are required. Visit reservation.pc.gc.ca to book your spot!

2 **AN OTENTIK STAY**

Discover camping like never before. Bring your family for a relaxing stay in one of Kootenay's oTENTik tent-cabins. Hike, explore the village of Radium or go for a dip in the hot springs. See  on page 7.

C. Douce

3 **SOAK IN SOME HISTORY**

Make sure your journey to Kootenay includes a soak in the Radium Hot Springs' soothing waters. Surrounded by dramatic cliffs, the hot and cool pools offer opportunities to unwind or play with the kids. Towels, lockers and swimsuits are available for rent. See  on page 7.

4 **EXPLORA KOOTENAY**

Admire the work of fire and ice as you drive the scenic Banff-Windermere Highway from Castle Junction to Radium. Download Kootenay's Explora app and listen to stories about the park. Visit parksCanada.gc.ca/knp-app to download.

O. Robinson

5 **JUNIPER TRAIL**

Take a hike along the 3.2 km (2 mi) Juniper Trail from the park gate to the hot springs. Get a bird's eye view of the Columbia Valley, then relax and #sharethechair from Parks Canada's red chairs overlooking the Radium Hot Springs. See  on page 7.

6 **REDSTREAK RESTORATION TRAIL**

Take a short stroll from Redstreak Campground along the Redstreak Restoration Trail. Learn how fire keeps forests healthy and creates habitat for bighorn sheep and badgers. Don't forget your camera! See  on page 7.

7 **MARBLE CANYON**

Admire the power of rushing water cascading through a spectacular limestone gorge. Follow the bridges to a thundering waterfall and snap a selfie from the red chairs. See  on page 6.

M. Oliver

OLIVE LAKE

 Unwind and enjoy a picnic by this olive green lake near the summit of Sinclair Pass. Look for brook trout and other signs of wildlife as you stroll along the gentle boardwalk trail. See  on page 7.

KOOTENAY NATIONAL PARK VISITOR CENTRE

 Listen to stories from the Ktunaxa First Nation and discover the role fire has played in Kootenay's landscape at the Kootenay National Park Visitor Centre in the village of Radium Hot Springs. See  on page 7.

S. Morgan

BACKCOUNTRY FUN

 Looking for adventure? Lace up your hiking boots for an epic 55 km (34 mi) multi-day adventure on the Rockwall Trail—one of the Rockies' most inspiring backcountry routes. Enjoy dramatic views of alpine meadows and hanging glaciers.

Suggested Itineraries

M. Oliver

HALF-DAY ADVENTURES

PACK A PICNIC LUNCH

On foot or by car, Kootenay National Park is the perfect place for a half-day adventure. Enjoy a picnic lunch at the **Valleyview** or **Vermilion Crossing day-use areas**.

Bask in the sun and take a short walk along the shore of the Vermilion River. Hike from the village of Radium Hot Springs or drive the Redstreak Campground Road to enjoy views of the Columbia Valley from the **Valleyview Trail**. Watch for bighorn sheep and deer throughout the Redstreak area.

TAKE A HIKE!

Bring the whole family for a half-day hike from **Marble Canyon** to the **Paint Pots**. Snap a selfie and enjoy the view from the red chairs along the **Marble Canyon Trail**. Admire wildflowers and rushing turquoise blue waters as you stroll along the trail beside the Vermilion River on your way to a First Nations cultural site. Stand next to new trees and see how tall a lodgepole pine tree can grow in 15 years! Gaze into the **Paint Pots**, three small emerald green pools, as these iron-rich mineral springs stain the surrounding earth red, before hiking back to your car.

A FULL DAY OF FUN

DRIVE THROUGH HISTORY

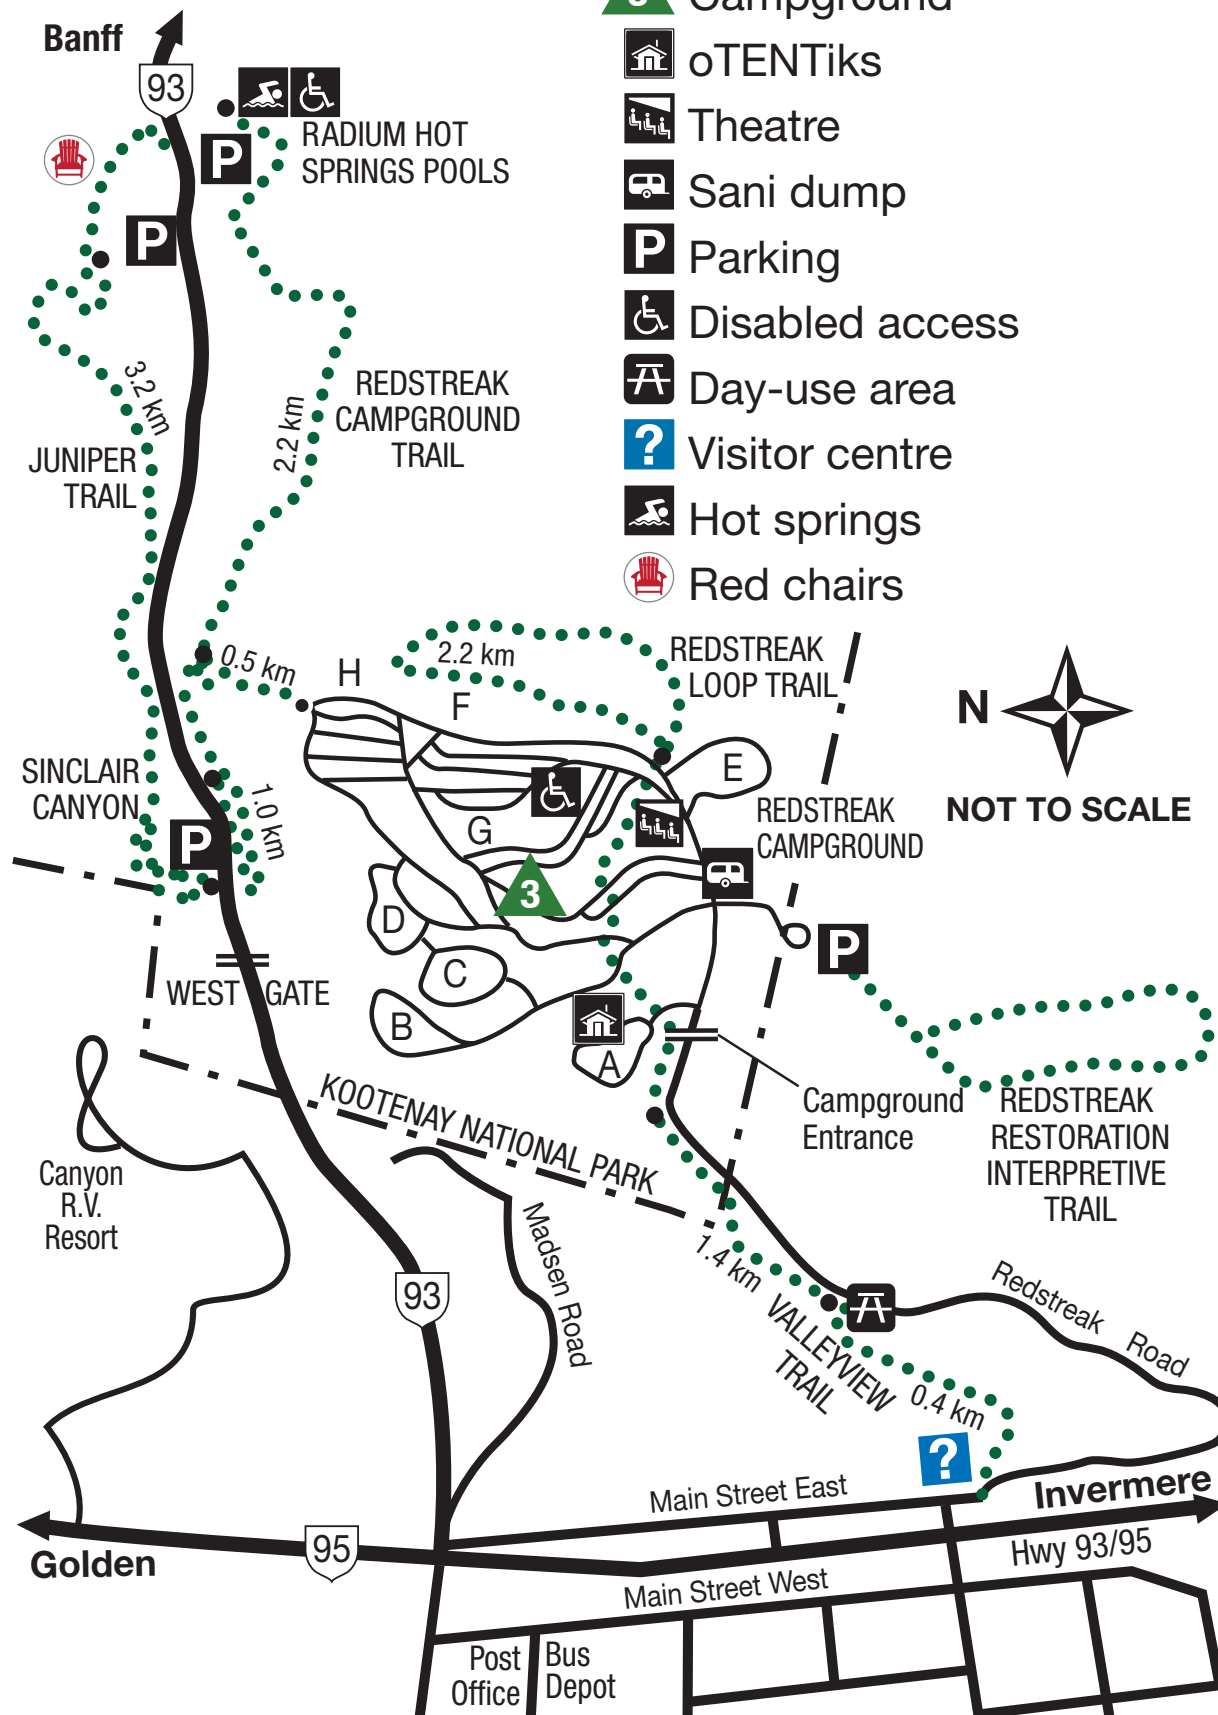

It once took a full day in a Ford Model T to drive from Banff to Radium Hot Springs. Today, you can enjoy the sights and sounds of Kootenay and make it to your destination before dark.

- Stand on the dividing line between the Pacific and Atlantic watersheds at the **Continental Divide**. See what a forest looks like 40 years after a fire on the **Fireweed Trail**.
- Admire the dramatic colours and sounds of **Marble Canyon's** deep, carved chasms as this trail criss-crosses the narrow gorge and takes you into the heart of a recent wildfire.
- Keep your binoculars ready! Wildlife, such as bears, deer, wolves and bighorn sheep, can sometimes be spotted along the highway.
- Enjoy breathtaking views of the Mitchell and Vermilion ranges from the **Kootenay Valley Viewpoint**.
- Get a bird's eye view of Sinclair Canyon on a 6 km return (3.7 mi) hike along the **Juniper / Sinclair Trail**.
- Pull out your swimsuits, relax and enjoy a refreshing dip in the **Radium Hot Springs**.

Stay Safe and Enjoy

MOUNTAIN SAFETY

Unpredictable mountain weather can change road and trail conditions instantly and wildlife can be anywhere, any time. These simple precautions will help ensure you have a safe and enjoyable visit.

- Visit drivebc.ca and 511.alberta.ca to check road conditions prior to heading out.
- Obey speed limits and watch for wildlife on the roadside.
- Stay on designated roads, trails and other hardened surfaces.
- Keep a 'Bare' campsite. Visit parks canada.gc.ca/bare-campsite.
- Make noise on the trails and let wildlife know you are coming.
- Research and plan overnight trips including potential trail restrictions and closures, avalanche conditions and mandatory backcountry permits. Visit parks canada.gc.ca/knp-backcountry and avalanche.pc.gc.ca for safety tips.
- Let someone know your plans. Cell phones are not reliable in the wilderness.
- Keep clear of cliffs, ledges and fast moving water.

PARK REGULATIONS

Following park regulations while enjoying your national parks will help protect you, the land and our wildlife:

- Keep pets on a leash and under control at all times. Please collect and properly discard pet feces.
- Take only photographs. It is illegal to pick flowers, mushrooms, cut down trees, branches, remove cultural artifacts or fossils, or otherwise cause damage to natural objects or living things.
- Be considerate of your neighbours. Liquor consumption is prohibited in public places, day-use areas, and during set periods in campgrounds. Respect quiet hours and liquor bans in campgrounds.
- Stay out of closed areas. Area closures or activity restrictions are implemented when visitors are at risk or when wildlife requires additional protection. Signs indicate the areas impacted.
- Be careful with fire. Fires are permitted only in designated areas with fireboxes or firepits. Extinguish fires completely. Do not use deadwood, bark or branches for fuel. Report wildfires immediately. Call 403-762-1473.
- Buy fishing permits. Anglers require a national park fishing permit, available at Parks Canada visitor centres and entry gates. Provincial licenses are not valid in national parks.
- Going boating? Motors are not allowed on most lakes.
- Motorized off-road travel is not permitted.

THE CANADA NATIONAL PARKS ACT

Park Wardens are responsible for enforcing park regulations as required by the *Canada National Parks Act*. To report national park violations, call 24 hours a day, 7 days per week.

1-888-927-3367 (Banff, Yoho, Kootenay and Waterton Lakes)

1-877-852-3100 (Jasper, Mount Revelstoke and Glacier)

Visit pc.gc.ca/mtnregulations

Violators will be charged, be required to appear in court and could pay fines of up to \$25 000.

Properly Store All Food and Scented Items.

A clean campsite or picnic area does not have anything that will attract wildlife (food, garbage, food-related or scented items). Never leave these items where wildlife can access them:

- Coolers – full or empty
- Food – wrapped, unwrapped, or in containers
- Garbage/wrappers
- Dishes/pots/cutlery – clean or dirty
- Full or empty beverage containers
- Pet food/bowls – full or empty
- Bottles/cans – open or unopened
- Scented products – such as shampoo, toothpaste, candles, citronella, dish soap, sunscreen, lip balm, dish towels
- Barbecues – clean or dirty
- Any other items used for food preparation or that have a smell or scent

ALL food-related and scented items MUST be stored away in a vehicle,

a hard-sided trailer or RV,

or in a campground food storage locker.

Never leave food or scented items unattended or in a tent for even a minute.

Always Keep Your Campsite or Picnic Area Clean.

When you are done cooking or eating at your picnic table, all food, food-related and scented items **MUST** be stored:

- In a hard-sided vehicle, trailer or motor home (not in tents or tent trailers)
- In campground food storage lockers

Non-food items such as lawn chairs, tables or lanterns may be left outside. Items such as coolers, cook stoves, dish towels and toothpaste must be properly stored.

Dump dish water down outdoor sinks or at the sani-dump in campgrounds.

All food, food-related and scented items MUST be stored away.

Cooler, stove and dishes (dirty or clean) MUST be stored away.

Non-food items may be left outside.

Protecting Wildlife

Do Not Approach or Entice Wildlife. Give Them Space.

For photos, do not surround, crowd or follow an animal. Use zoom or show the animal in its natural surroundings and crop the image later.

Photograph wildlife from a vehicle or safe distance:

- 30 metres for deer, elk, moose and bighorn sheep
- 100 metres for cougars, bears, coyotes and wolves

Do not startle wildlife.

If you make them move, you are too close.

If You See Wildlife By the Road.

Always slow down.

If you do stop (not recommended for the safety of wildlife):

- Be aware of the traffic around you.
- Pull over where it is safe to do so.
- Use your hazard lights to alert other drivers.
- **Stay in your vehicle.**
- Watch for a few moments, take a quick photo, and then move on.
- If a traffic jam develops, move on. It is unsafe for people and wildlife.

Dogs Stress Wildlife.

Dogs or other pets cause stress for wildlife. Dogs, like wolves and coyotes, may be seen as a threat. Off-leash dogs can trigger aggressive behaviour from wildlife such as grizzly bears and elk. To prevent unsafe situations, it is your responsibility to:

Ensure your dog is on a leash and under control at all times.

Pick up and dispose of your pet's waste in a garbage bin.

Do not leave pet food out. If you walk away, store food dishes – empty or full. Always store food dishes at night.

Protecting Wildlife

Keeping Your Children Safe.

Bears, cougars, wolves and coyotes may be curious about children and can attack them:

- Keep children in immediate sight and within close reach at all times.
- Children should avoid playing in or near areas with tall grass or dense bushes.
- Never allow children to pet, feed or pose with wildlife.

To Learn More About **Wildlife and Safety**

Pick up a copy of *Keep the Wild in Wildlife* and *Bears and People* publications at a Parks Canada Visitor Centre or visit <https://www.pc.gc.ca/en/pn-np/bc/kootenay/visit/depliants-brochures>

Also available in French, Chinese, Japanese and Korean.

Report bear, cougar, wolf and coyote sightings and encounters to Parks Canada staff when it is safe to do so: 403-762-1473

It is illegal to feed, entice or disturb any wildlife in a national park. Violators will be charged, be required to appear in court, and could pay fines up to \$25 000.

Mountain Safety

Unpredictable mountain weather can change road and trail conditions quickly and wildlife can be anywhere, at any time. These simple precautions will help ensure a safe and enjoyable visit:

- Before heading out, check trail conditions (parkscanada.gc.ca/kootenaytrails), and road conditions (call **1-800-550-4997** or visit drivebc.ca).
- Obey speed limits and watch for wildlife on the roadside, even on fenced portions of the highway. Sometimes wildlife (bears, cougars) get through or over the fence.
- Stay on designated roads, trails and other hardened surfaces.
- Make noise on the trails and let wildlife know you are coming.
- Be aware of your surroundings. Earbuds prevent you from hearing wildlife and increase your risk of a dangerous encounter.
- Animals are active in the park at all times of the year – even bears can wake up during the winter. Carry bear spray, keep it accessible, and know how to use it. Watch a video here: parkscanada.gc.ca/bearspray. Bear spray and more information is available at Parks Canada Visitor Centres.
- Keep clear of cliffs, ledges and fast moving water.
- Research and plan overnight trips including potential trail restrictions and closures, avalanche conditions and mandatory backcountry permits. Visit avalanche.pc.gc.ca and parkscanada.gc.ca/knp-backcountry for safety tips.
- Let someone know your travel plans; cell phone coverage is not reliable in many areas of the park.

Mountain Stories

MEET PARKS CANADA'S INTERPRETERS

Do you want to discover more about the uniqueness of Kootenay's natural and cultural heritage? Friendly and knowledgeable interpreters are here to help you connect to these special places protected by Parks Canada.

Watch for interpreters at campgrounds and popular day-use areas in Kootenay National Park in the summer months.

Check parksCanada.gc.ca/Kootenay-interpretation for more information on interpretive experiences in Kootenay.

WILDLIFE VIEWING TIPS

Your best chance of observing wild animals is by giving them space to feed, rest and keep their young safe. Help keep them wild:

- **Stay at least three (3) bus lengths (30 m)** away from elk, deer and bighorn sheep.
- **Stay at least ten (10) bus lengths (100 m)** away from bears, cougars and wolves.
- **NEVER feed or approach wildlife.**
- **Keep pets under control and on a leash** at all times.
- Keep children in sight and within close range at all times.
- Consider carrying bear spray when on the trails. Keep it accessible and know how and when to use it.

For further information pick up a copy of *Keep the Wild in Wildlife* at a Parks Canada Visitor Centre or visit parksCanada.gc.ca/bears-and-people

To report wolf, bear or cougar sightings call 403-762-1473.

Aquatic Invasive Species

John Jimmo

ATTENTION WATER ENTHUSIASTS

Preventing the spread of aquatic diseases and invasive species requires everyone's support. Clean, Drain, Dry Everything that Touched the Water

Any item that has touched a water body must be cleaned before entering another water body. Such items include, but are not limited to:

CLEAN off all sand, mud, and plant or animal material from your watercraft and equipment each time you exit the water and before moving to another water body.

DRAIN onto land, all water from your watercraft and equipment before leaving the area.

DRY the watercraft and all gear completely between trips. If possible allow for a minimum of 24 hours drying time in sunlight.

For more information: llyk.aquatics@pc.gc.ca
